About Me

Aspiring Data Analyst with hands-on experience in data analysis, business intelligence, and dashboard development using Python, SQL, and Power BI. Skilled in data cleaning, KPI reporting, and analytical problem-solving to deliver actionable insights for decision-making.

Skills

- **Programming & Querying:** Python, SQL
- **Data Analysis & Visualization:** Power BI, Streamlit, Pandas, NumPy, Matplotlib, Seaborn
- **Machine Learning:** Random Forest, Feature Engineering, Predictive Analytics
- **Databases:** SQLite, MySQL
- **Tools & Platforms:** Git, Docker, VS Code

Experience

Power BI Intern, Kasnet Technologies

Jan 2025 – Feb 2025

- Built interactive Power BI dashboards to present actionable business insights.
- Cleaned and transformed datasets to ensure accuracy and consistency for analysis.
- Analyzed data to identify trends, patterns, and key performance indicators (KPIs).

Projects

Customer Support Ticket Intelligence System

- Built an end-to-end ticket analytics and decision support system using Python, SQL, and Streamlit.
- Performed priority and queue-level analysis with ML-assisted ticket prioritization.
- Delivered actionable operational insights through an interactive dashboard.

Customer Churn Prediction System

- Developed a customer churn prediction system using a Random Forest model.
- Built a Streamlit dashboard with churn risk indicators and probability visualizations.
- Applied feature engineering and feature importance analysis to improve interpretability.

Education

BE in Computer Engineering

Sinhgad Institute Of Technology And Science, Narhe-Pune
CGPA: 7.35

May 2026

Higher Secondary Certificate (HSC)

P.E Society College of Commerce And Science, Khopoli
Percentage: 51.50%

May 2022

Secondary School Certificate (SSC)

Anand Shala Khopoli
Percentage: 73.80%

May 2020

Certification

- Data Analysis Using Python — IBM
- Microsoft Certified: Azure Fundamentals — Microsoft
- Python Programming — Udemy
